

Jakarta, January 05, 2022

Dear Valued Partners,

We are pleased to inform you that since April 2021 USG Boral is officially integrated and become part of the Knauf family.

Following the join forces between Knauf and USG BORAL, two great legacies assembled, to achieve the same goal: Preserving Lives, Integrating Strengths, Technologies, Values from both sides to create One Greater Future for Partner, Customer, Employee and Community

Knauf as one of the leading manufacturers of modern insulation materials, drylining systems, plasters and accessories, thermal insulation composite systems, paint, floor screed, floor system and construction equipment and tools, with more than 250 production facilities and sales organizations in over 86 countries, 35,000 employees worldwide.

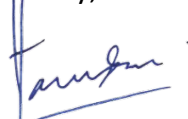

Starting January 2022, USG Boral Indonesia, previously known as PT Petrojaya Boral Plasterboard, officially changed its entity name to **PT Knauf Plasterboard Indonesia** as stated and approved by the Minister of Law and Human Rights of the Republic of Indonesia with Decree No. AHU-0076060.AH.01.02 year 2021. We will continue our commitment in providing the best solutions and services to Jayaboard and Indoboard customers.

Partnership with customers are an essential part of our mutual success, therefore our focus on maintaining close and sustainable relationship with customers will not be changed. You can continue to rely on your current sales or customer service contacts and work closely with our team as usual. We will keep in close touch with you and there will be no changes to existing contracts or orders.

We are determined to do all we can and set the example by being the frontrunner in our industry.

We, You, TOGETHER – now and into the future.

Sincerely,

Ahmad Hamdani
President Director
