

Fineline™ FLW / FLB

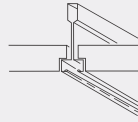

STANDARD SPECIFICATION

Features & Benefits:

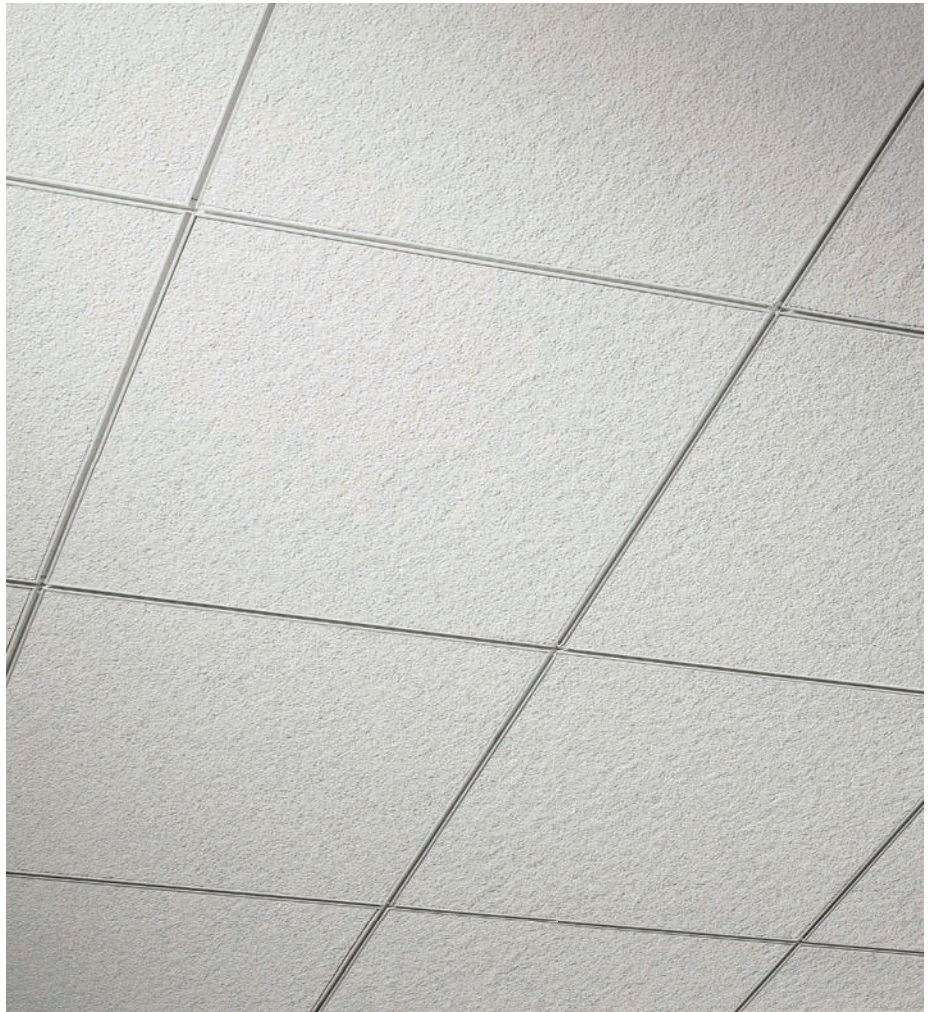

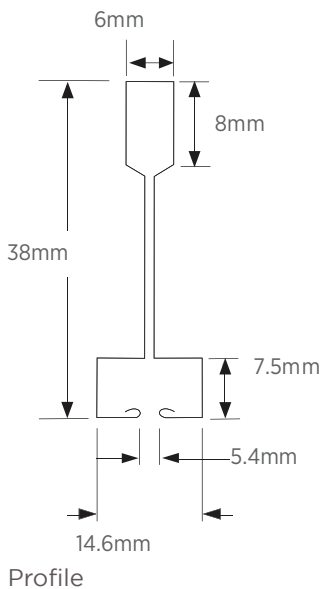

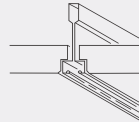

- Narrow-profile, slotted grid system with 5.4mm reveal provides streamlined appearance.
- Reveal accommodates partition attachments and pendant-mounted light fixtures.
- Mitered intersections offer a clean, tailored appearance.
- Patented proprietary QUICK-RELEASE™ cross tees.
- Accepts metal ceiling panels for ceiling-area accents without changing grid system.
- Standard components available in imperial and metric sizes.
