Standard Plus
Standard Gypsum Board
**Standard Plus**

*Standard Plus* is patented by SHEETROCK® BRAND TECHNOLOGY from USG, a leading gypsum board manufacturer in the USA. With its unique enhanced technology, Standard Board Plus contains more superior properties than any other standard gypsum board.

*Standard Plus* is used for walls and ceilings with unique properties making it incombustible, smooth, attractive and designed for seamless decoration.

**Properties**

- Lighter than regular standard gypsum board. Easier to carry and install.
- Good thermal performance.
- Non-combustible.
- Good acoustic performance e.g. sound protection STC 35 – 60 dB* when installed with insulation. (*refer to regular standard board).
- No health hazard and environmental friendly. It can be recycled.

**Standards and Tests**

- ASTM C 1396
- EN 520

**Usage Area**

- General interior wall or ceiling.
